The chief provincial public health officer strongly encourages residents of and visitors to Winnipeg to focus on these fundamentals to help stop the spread of COVID-19.

- People must stay home if sick.
- Wash/sanitize your hands, cover your cough and physically distance when you are with people outside your household.
- If you cannot physically distance, you should wear a mask to help reduce your risk.
- Reduce the number of close contacts outside your household, and avoid closed-in or crowded spaces.
